The Republican Ticket

CONGRESSIONAL.

First District—

CHAS. G. WILLIAMS, of Rock.

SENATORIAL.

For State Senator—Seventeenth District—
HAMILTON RICHARDSON,
of Janesville.

The Philadelphia Press suggests that for a man who has been in the United States only six years, Dennis Kearney takes a good deal of interest in the country.

Postmaster General Key is in Chicago, having arrived there last night on his way Westward. He met with a generous welcome by many citizens irrespective of party. Mr. Key is an honorable man, a thoroughly reconstructed rebel, and a good public officer.

Some of the Democratic newspaper say that Mr. Tilden has too much patriotism and good sense to hazard the success of the party by being a candidate for the Presidency in 1880. These papers will wake up in the summer of 1880 to find themselves badly fooled.

The Republicans of Tennessee have the courage to put a candidate for Governor in the field, and on Thursday will hold a State Convention. While there may be little hope of electing a Governor, the Republicans propose to show fight and keep up their State organization.

The mortality in the yellow fever districts is still on the increase. The weather is hot and dry, which tend to spread the disease. Grenada has been well-nigh depopulated, and though it is a town of some 2000 inhabitants, hardly a hundred white persons can be found in the village.

The Milwaukee Common Council has extended an invitation to President Hayes to visit Milwaukee either on his way to or from Minnesota, early in September. Inasmuch as the Government is running itself, and has no visible head, the President might satisfy Milwaukee's curiosity, as time to him is of little consequence.

The Greenbackers, according to their platforms, are death on bankers and bondholders, but the chief of the movement in New York is rich and has \$300,000 of registered United States bonds, and the Greenbackers of Ohio have already nominated two national bank cashiers for Congress. A little consistency in Greenbackism wouldn't hurt it any.

The Republicans of the Fifth Congressional District talk of nominating Hon. E. C. McFetridge, of Beaver Dam, the present member of the Assembly from that place. He is a strong man, widely popular, and it is not to be expected that the Democrats and the Greenbackers, he can materially reduce the Democratic majority. He lives in a Democratic county, but has been frequently elected to trustworthy positions because of his ability, integrity, and popularity.

It is again rumored that General Halbert E. Paine, ex-Congressman of Milwaukee, has been tendered the Commissioner-ship of Patents, but a dispatch from Washington says, "It can hardly be true as General Paine refused the position of Assistant Secretary of the Interior, which is of higher grade and equal salary, on the ground that he could not afford to accept it. He has a large and lucrative practice in law in which it is not probable he would surrender for a laborious position and small salary."

General Garfield has been nominated for Congress in the Nineteenth Ohio District. Garfield is now serving his sixteenth year in Congress, and is good for many more. He is a leader and a brave and a prudent one. He was born in 1831, and began life under circumstances which would dishearten and crush many young men. At nineteen he was compelled to go bare-footed when working on the Pennsylvania and Ohio canal, being too poor to buy a pair of boots. In seven years from that time he was a professor of languages in a college, and three years more was President. He is a strong man, a man of ability and character.

During the past two or three years demagogues have spread the report that in Massachusetts alone there were over 300,000 persons seeking work, and could not find it. Tilden said two years ago there were millions in want, and that the wolf was at almost every man's door. Cary has shouted himself hoarse in proclaiming that there were millions of poor laboring men out of employment, and were close on to beggary. To ascertain the real condition of the workmen in Massachusetts, the Bureau of Statistics of Labor of that State, went to work in all the towns and cities, and after months of industry and careful labor, have made a report which knocks the demagogues' cry to the winds. According to the Bureau's report, there are of men and women out of employment, 28,408, and that number includes skilled and unskilled laborers; and the Bureau says "the number is not greater than in times of ordinary business activity." We apprehend that the result in Massachusetts is not different from that in other States if a like investigation was made. There are very few skilled workmen out of employment in Wisconsin, and there is by no means distress among the unskilled. Laborers have been in good demand during the summer, and through harvest time they were scarce at from \$2.00 to \$3.00 per day. The Bureau further says: "On the basis given, the unemployed in the whole United States reached 570,000. The absurdity of the 3,000,000 statement is readily seen when it is known

that there are but about 10,000,000 people in the country engaged in productive industries.

THE YELLOW FEVER.

Great Excitement at Jackson, Mississippi. The Situation at Grenada. The Record at New Orleans—Two Hundred Cases at Vicksburg.

A CALL FOR HELP FROM MEMPHIS.

CHICAGO, Aug. 21.—The following card to the people of Chicago speaks for itself. The death plague is spreading, and in the river cities there is such distress and suffering as has rarely been seen in this country. They cry to Chicago and the North country for help. The cry should be promptly heeded, and action should be taken at once for an organized effort to render succor wherever needed. We trust some of our leading citizens will move in the matter without delay.

To the good people of Chicago.
I have this evening received the following dispatch from the Hon. Casey Young, M. C., of Memphis:

"Hon. Carter Harrison:
"The fever is committing frightful havoc among our people. We are compelled to ask aid from abroad. Can Chicago help us?"

Relying upon the generosity of Chicago people in all cases of distress, I have replied as follows:

"Hon. Casey Young, Memphis:
"Of course Chicago will help you."

I now appeal to you, the good people of this city, which in 1871 received aid such as no other community was ever the recipient of, to make my promise good.

CARTER H. HARRISON.

GREAT EXCITEMENT AT JACKSON.

WASHINGTON, Aug. 20.—The Register and Receiver at Jackson, Mississippi, telegraphs the Commissioner of the General Land Office "that there is great excitement in Jackson. The people are fleeing in all directions. The Board of Health advise all to leave. There are 163 cases in Vicksburg, and twenty in Canton. The fever is liable to appear at any moment. Their escape from the city will be impossible, as a rigid quarantine will be established against Jackson by the surrounding country."

What shall we do?
The following answer has been sent: "You may close the office and leave the city when it becomes necessary by the local regulations or by actual visitation of the city by fever."

THE RECORD AT NEW ORLEANS.

NEW ORLEANS, La., Aug. 20.—Official statement of cases of yellow fever reported in New Orleans: Deaths from 12 m. yesterday to 12 m. to-day, 41; new cases since last report, 136; total number of cases to date, 1,355; total number of deaths to date, 396.

S. C. CHOPPIN, M. D., President Board of Health.

TWO HUNDRED CASES AT VICKSBURG.
Vicksburg, Miss., Aug. 20.—It is estimated that there are 200 cases of yellow fever under treatment. Twelve deaths have occurred during the past twenty-four hours, among them R. H. Shelby, lawyer. Among the new cases, Dr. Balfour, Health Officer, and Dr. Robbins.

THE SITUATION AT GRENADA.

MEMPHIS, Tenn., Aug. 20.—The following has been received by the Howard Association of Memphis:

GRENADA, Miss., Aug. 19.—As your representatives, sent here for that purpose, we have looked carefully into the situation of everything connected with the yellow fever at Grenada. The epidemic, considering the size of the town, appears to be the most malignant and fatal that has ever been known in this country, and this after only nine days. The fever is unabated and unchecked. The great want is for nurses and money to pay them, for there have been persons here sick for long periods without a single attendant. At present the contributions amount to not more than half of what seems to be necessary. The funds are certainly managed by the Relief Committee with a vigorous economy and wise judgment, and the men who handle them are as certain as business men of the South as to the purposes for which their aid is intended. We hope the liberal and generous contributions made up to this time will not cease. The appeal to the charitable has no equal in the sad history of the disease.

WILLIAM J. SMITH.
BUTLER P. ANDERSON.
Of the Howard Association.

TRADE DOLLARS.

A Proposition to Redeem Them—The Amount in Circulation.

WASHINGTON, Aug. 20.—It is the opinion of the Treasury officials that, if the question is tested before the courts, the Government will be compelled to redeem all those trade dollars coined before the passage of the law of the law of July 22, 1870, when the trade dollar was divested of that legal-tender quality which it had possessed in sums not exceeding \$5, from the time it was first coined in 1873, but as it will be impossible to ascertain what trade dollars were coined before and what were coined after the law of 1876 was passed, it is thought at the Treasury that the best way out of the dilemma will be to redeem these coins at par and retire them from circulation. It is probable that Secretary Sherman will make a recommendation to that effect in this annual report to Congress. A strong pressure will doubtless be brought to bear on Congress to induce that body either to redeem these dollars or to place them on an equality with the silver dollar. The vast interests affected by whatever action Congress may take in the premises will be fully appreciated when it is stated that the total amount of dollars coined and now in circulation here and abroad is \$35,959,360.

SUICIDE.

MILWAUKEE, Aug. 20.—Mrs. Nelson Vankirk, wife of the senator of the late firm of Vankirk & McLeach, pork packers, was found dead in bed this morning, and it is supposed that she committed suicide. A vial of chloroform was found on the stand beside her bed, and two letters, one to a daughter and the other to Dr. Spearman, the family physician. Deceased retired in usual good health, apparently, and from her careful manner of arranging and composing herself, it is thought she deliberately destroyed herself. Mr. Vankirk is absent in New York City. Deceased leaves a family and two daughters. It is supposed that her husband's heavy losses in the famous corner of 1875 and more recent speculations, consequent upon the prospect of war in Europe, affected her mind. An inquest will be held to-morrow, when the letters will be opened and the cause determined.

PRESIDENT HAYES.

BISMARCK, D. T., Aug. 20.—The citizens of Bismarck held a meeting last evening and unanimously extended an invitation to President Hayes and party to extend his trip from St. Paul to the Northern Pacific terminus. A banquet and ball, with a military display from Fort Lincoln, are contemplated if his Excellency accepts.

MILWAUKEE, Aug. 20.—At a meeting of the City Council last night, a resolution was adopted tendering President Hayes, and companions the hospitality of our city, either on their way to or return from Minneapolis.

FOND DU LAC.

FOND DU LAC, August 20.—There seems to be an invincible determination on the part of the rogues of this region to commit all the depredations possible for the mere satisfaction of destroying property. Numberless unsuccessful attempts to burn up property have been made here, the last one occurring Monday evening. Several lumber-piles in the yard of Moore, Gallo-way & Banker were set on fire and lumber to the value of over \$1,000 destroyed. But a few days ago a similar incendiary fire was set in the adjacent yard of Smith & Co.

A BIG FIND.

OMAHA, Neb., Aug. 20.—The Omaha Herald has a special from Fort Custer, Montana, announcing a big gold discovery on the North Fork of the Stinking Water River, 250 miles from Fort Custer. Three men in less than four months have taken over 300 pounds of gold. The route to this discovery is via Camp Brown in Stambaugh.

CLINTON.

—S. J. Simmonds and family are now enjoying their new house.
—Carr Hammond, eldest son of L. M. Hammond, of Milwaukee, is visiting Clinton friends.
—C. B. Tallman, cashier of the Citizen's Bank, of Delavan, was married on the 20th inst. to Miss Belle Kimball, of Baraboo, and spent Wednesday visiting Clinton friends, who gave them a hearty welcome and a God-speed on the journey of life.

—Mr. R. Owen has nearly completed his two houses north of the Congregational church, and one of them is already tenanted by Mr. Conant. Mr. Charles Tuttle is expected to occupy the other when ready.

—Mr. Dobbin is erecting three fine tenant houses north of the Baptist church.

—Mrs. Hubbs seems to be slowly improving in health, but is still quite low.

—Ira W. Dow who has been quite ill for some time seems to be convalescent, and hopes are entertained of his final recovery.

—Diphtheria is prevailing to some extent in Clinton and also in Delavan. Some deaths have been the result.

—It is a question whether Clinton or Geneva Lake possess most Clintonians.

—Geneva Lake has deep waters. Curt Treat has measured them and found them over his head.

—The flood of Sunday morning was as great as at any time during the season. About three inches of water fell between the hours of 12:30 a. m. and 5 a. m. Bridges were swept away, hay mounds, and other damage done. West of Clinton about three miles, on the Western Union Railroad, a culvert gave way and a freight train was dethroned.

—The Greeley Tribune, of Colorado, speaks of the wonderful success of Mr. William Sanborn and Mrs. John F. Sanborn and son in raising fruit.

General Sherman on the Mexican Situation.

Washington Republic:—"What do you think of Diaz, General?"

"Well, Diaz appears to be an able and well-mannered sort of man. He seems to be anxious to preserve order on the border, but he can't do it."

"Do you think we are in danger of getting into a war with Mexico?"

"I do not. Of course the Texans are anxious to have the United States go to war with Mexico. It would be the making of Texas. In the event of a war it would become a great military depot and the center of an immense trade. Thousands of men whom the exigencies of war would bring to Texas, would remain there after the war. It would be a big thing for Texas, but it is not likely to come to pass."

"It is said that General Ord is somewhat erratic. Is he a safe man to have on our border at this time?"

"General Ord is an older man than I am," replied General Sherman, "viciously cutting at a sheet of paper with a paper cutter. 'He is one of the most discreet officers we have in the service, and I regard him as a man to be thoroughly trusted not to do anything rash.'"

Shoot High.

"Is he deranged?" asked an extended Israeli as the United States troops passed through Sanku, last week, in pursuit of the fleeing Hannocks.

"Well, my man," said Howard, reining in his horse, "what is it? Speak quick."

"I am a rooin man, Shenereal. Dem cursed redskins, dey murder my boy Shakkob about five miles from here, and shew a dozen pair of pants he was peddlin. New pants, so help me kracious—right out of my store."

"Sorry for your loss, my man, but haven't time to talk about it now. If we catch up with these demons we'll stop their depredations for good and all."

"Yes, I know, Shenereal, I know," eagerly whispered the bereaved ready-made merchant, "Dot's all right; but ven you come up mit dese Indians vot got dogs new pants on, for kracious sake, Shenereal, tole de soldiers to shoot high!"—San Francisco Post.

REMOVAL

Has this day removed the balance of his stock to the store of

Mr. John Wingate, No. 39 West

Milwaukee Street, where he

will be pleased to see his friends,

and all those desiring to secure

bargains in Dry Goods will do

well to call, as I am bound to

close out the entire stock in a

very few days, and in order to

do so shall sell all goods very

cheap.

I have still a very desirable

assortment of White Goods, of

all kinds, which will be sold at

WARD CAUCUSES.

FOURTH WARD.

The Republicans voters of the Fourth ward city of Janesville, will meet at the Council room, Friday evening, August 24th, at 7:30 o'clock, for the purpose of selecting delegates to attend the Republican County Convention.

By order of Committee,

FIFTH WARD.

The Republican voters of the Fifth ward, city of Janesville, will meet at Luther Clark's Carpenter shop, near the Davis house, Saturday evening next, August 24th, at 8 o'clock, for the purpose of selecting two delegates to attend the Republican County Convention.

By order of Committee,

BRIEFLETS.

—Sunny.
—Few firs.
—Tramps are scarce.
—Excursionists are plenty.
—Mrs. Louise Peterson is quite sick.
—The Janesville Guards have received fifty rifles.
—Mrs. A. H. Caldwell has left at our office a splendid bouquet, for which she has our thanks.
—The Knight of Pythias make their first parade this evening. Their uniforms are things of beauty and joys forever.
—Don't forget, when in Milwaukee tomorrow, that the Plankinton House cafe is the place to get a square meal. It is a motel in every particular.
—Miss Everheart, Mr. Olander Ware and Mr. Keeler, of Chicago, who are spending the summer at Palmyra, are in the city the guests of Miss Hattie McKee.
—Constable Drake to day went to Waukeesa, having in charge a young lad named Burn who is to enter the Industrial School for Boys, at the order of Justice Prichard.
—Prof. Bischoff has arranged to give an organ concert at Court Street Methodist church next Monday evening. The further details will be made public in due time.
—Jul. Targerson, of Edgerton, appeared before Justice Baich, this morning, charged with selling liquor without a license. At his request the case was adjourned until next Saturday.
—Miss Georgia B. Summers, from the banks of the Hudson River, is spending her school vacation with friends on the Rock, and is occasionally seen on the avenues with Miss Ida B. Fales.
—Henry Cheney of La Prairie sends to us a bean-pod plumply developed and measuring 26 inches in length. It has been hung upon the wall and can be seen and known of all who care to inspect it.
—We acknowledge the receipt of the usual compliments of the Winnebago County Agricultural Society, through the Secretary, Hiram R. Enoch. Their twenty-fourth annual fair will be held in Rockford, September 10, continuing four days.
—John Spong says he will not stand still and have a man insinuate that he or other members of his family were not lovers of the truth, and so he planted one of his fists in Prof. Sidsbee's face. The latter sought justice, and on a warrant was fined \$3 and costs.
—Mrs. Kempton, who is now in the city, and who is so well known in musical circles, both here and elsewhere, took part in a concert given in this city twenty years ago by Father Clark's old folks concert troupe. Her name appeared on the programme then as Jennie Twichell.
—A reckless fellow who was determined to get a railroad ride without ticket or cash, was discovered the other day, as the train neared the depot, seated cozily under the timber to which the brakes are connected. He said he rode all the way from Milton here in that dangerous position.
—It is wisely predicted that if Charles Sexton could secure the Democratic nomination for Congress in this district "Charley" would surely be elected, for the simple reason that all the candidates would have "Charley" for a front man, but there is no doubt but that the one with Williams will carry away the cake most easily.
—A young lady complains that two sisters, one of whom is a married woman, made an assault upon her in the Otter Creek Cemetery. The assault was not an aggravated one, and consisted, as the complainant stated, in placing the hand upon her shoulder and pushing her away. There seemed nothing in the case and both ladies were discharged.
—The excursionists to Milwaukee to morrow will remember that the Bostons and Milwaukee will play to morrow afternoon. A private letter from one of the officials of the Milwaukee club says "Our men are in good condition, and we expect to make it lively for them." This will be one of the best chances of the season to see a first-class game and all should improve it.

A BIRTHDAY SURPRISE.
A very pleasant birthday surprise occurred last night in the Fourth ward, when a class of fourteen young ladies, through one of their members in a neat little speech, presented Mrs. N. Dearborn, her Sunday School teacher, an elegant pickle castor, as a token of their kind regards, as a teacher and friend. The gathering was a very pleasant and enjoyable one.

CARELESS BALL PLAYERS.
Some enthusiastic but reckless ball players have been practicing tossing the leather sphere on "the rock" in front of the Edwards' home, much to the annoyance of passers by. Last evening one of the boys took up a stone and covered it with leather, and were engaged in tossing and catching it when it unfortunately hit A. A. Rebell's six-year-old boy on the head, causing rather a serious injury. To day the little fellow was in a rather bad condition, but no portion of the skull was broken, and it is hoped that by being kept quiet and by careful treatment he will be all right in a few days. The boys should either have more care or less base-ball, as there is a constant liability to serious accidents by playing on that street, and especially so when stones are used for balls.

A MUSICAL SOCIAL.

Mr. and Mrs. C. B. Conrad received a few of their musical friends at their residence last evening, to meet socially Miss Emma Baker and Mr. George H. Broderick, of Chicago. The gathering was an informal one and was decidedly enjoyable. Miss Baker, who has already become acquainted in this city, and whose songs have been heard in public on several occasions, added to the pleasure of the evening by rendering two beautiful solos, in which she displayed the richness and culture of her excellent voice. Mr. Broderick, who is one of Chicago's favorite vocalists, did some fine solo singing in which his fine solid base voice was shown to a good advantage. He is a young man of broad musical attainments, and his voice in which there is great possibilities, is used in a manner which commands deep interest. We regret that his brief stay in this city precludes him from appearing in public before his return to Chicago. Mr. O. H. Fetters who never fails to irresistibly hold the attention of an audience when he reads, was present, and by special request rendered Mrs. Browning's "Mother and Poet." Fetters is a host as a reader, and beside that, at social gatherings where "a feast of reason or a flow of soul" is on the programme, he never fails to do his part, and do it well. Mrs. St. John, who, whether in the hall, in the church, or in the parlor, is heard with the deepest satisfaction, sang a pleasing duet with Miss Baker. Prof. Bischoff, now of Washington, whom Janesville, and even Wisconsin, honors for his rare power as an organist did some splendid work on the piano. Mr. D. D. Bennett and John P. Williams did their part in contributing to the pleasure of the occasion; and then there is Prof. Titcomb, to whom a piano is as familiar as A B C to a scholar, did the accompaniment work, and did it exceedingly well as he always does. After this musical feast which was happily served without any seeming formality or set programme, refreshments were spread, and he it to the honor of the company said that none failed to do justice to the occasion. The cordiality with which the guests were received, and the generous manner in which they were entertained by Mr. and Mrs. Conrad, made this social gathering one of great interest and pleasure.

AN ADJOURNED MEETING.

The Janesville Engines Will Not Enter the Chicago Tournament.

An adjourned meeting of the Common Council was held at the City Hall, last evening. Mr. President Davies in the chair and all the Aldermen present except Aldermen Joyce and Wilcox.

The regular order of business was dispensed with.

Alderman Lawrence stated that the object of the meeting was to consider the proposition of granting permission to Walter Witch Engine Co. No. 2, to take their engine to Chicago, on September 4th and 5th; and for the purpose of bringing the question before the Council he moved that permission be granted.

The ayes and noes were ordered and all the Aldermen voted no.

Wm. Ruger, Esq., was heard on the question of establishing a grade on certain portions of South Bluff street, and after a thorough explanation from that gentleman and some remarks by the Aldermen, the order of Ald. McKinney, introduced on Monday evening, ordering the engineer to report a grade, was adopted.

A liquor license was granted to J. S. Wolff.

The Council then adjourned.

BILLS AGAINST THE CITY.

As was referred to yesterday in the report of the Common Council meeting there has of late sprung up an unbusiness-like way of adding and paying bills for work done for the city. Many, if not most, of the bills presented for payment do not state the day nor the place where work was performed on the streets, but simply call for a certain amount of money for a certain number of days' work. These indefinite demands for money out of the treasury are generally audited by the Alderman of the ward in which the work was done, but those who know best, know that the aldermen cannot spend their time in superintending closely all the work done in all their respective wards. Under these circumstances it is to say the least a careless way of doing business, to pay bills which contain no items of the work performed. If a hardware man furnishes anything to the city he is expected to specify in his bill exactly what he supposed, and in all other lines of business the same rule prevails. Business men in their transactions between themselves always make out bills in detail, giving dates and other specific items. It is a little strange that men who follow this rule so strictly in their private business should in their official acts so persistently and carelessly violate it. Of course there is no charge of fraud and as yet no intimation of crookedness, but in these matters business is business, and the same care should be taken in the city's affairs as in individual matters. Then if any suspicious individual should fancy that he smelled some taint of wrong-doing, the matter could be at once shown in its true light, the guilty ones punished, or those falsely accused could be vindicated. It takes but a few minutes more time and a little more ink to have these bills rightly made out than to let them slip through in the present careless manner. Even if there is no danger of dishonesty now. The time may come, when Janesville will suffer experiences similar to those which have struck other cities. It costs no more to do business rightly than to do it wrongly, and oftentimes it costs less. Let the Aldermen see to it that no bill is paid unless made out in detail and properly vouchered for.

EXCURSION TO MILWAUKEE.

The excursion to Milwaukee to-morrow under the auspices of the Knights of Pythias and Bower City Band promises to be a success. The tickets have met with a ready sale, and there will doubtless be a large number who will participate in this joyous occasion. The fare being only \$1.50 for the round

trip, there can be no cause of complaint on this score. The train will leave Janesville at 7:30 o'clock a. m., and returning will leave Milwaukee at 6:30 p. m., so that the excursionists will have about eight hours in the Cream City. These eight hours can be used as each one deems best. There will be a championship game of base ball in the afternoon between the Bostons and Milwaukee. There will also be an excursion on Lake Michigan by one of the fine steamers of the Grand Haven line. In fact there will be plenty of places to visit, plenty of amusement, much to see, and with the present arrangement it seems that there will be nothing lacking to make the enjoyment of the occasion complete.

FROM THE FIELD.

A close and well-played game was that between the Chicago and Forest City 4 Cleveland yesterday, each having scored 4 at the end of the ninth inning. It could not be played out as the Chicago had to take a train for Cincinnati.

At London, Ontario, yesterday, the Utica scored 6 and the Tecumsehs 1.

The Bullies yesterday defeated the Indianapolis nine 6 to 3.

The 2:34 race at Hartford yesterday was won by Wild Air in straight heats. Dick Swiveller won the 2:22 race in 2:19 3/4, 2:21 3/4, 2:18, and will now enter the free-for-all.

The bay gelding Edwin Forest has been sold to Charles Green, for other parties, for \$16,000.

Bogardus has returned from Europe yesterday, and say he has brought back \$12,000 which he is willing to lose, or beat Carver.

CITY NOTICES.

—Heimstreet is now getting the celebrated Geyer Saratoga Water in syphon bottles. Any one can get a bottle and have a glass of water at home same as from the spring—all charged with gas. For either, indigestion, biliousness, it is the most cooling drink to be had.

We Beat France in the article of teeth preservatives. These Frenchmen are wonderful workmen. Their fancy goods astonish, but they have never produced the peer of Sodont as a toilet article. It stands alone, unsurpassable. There is no tooth preparation so well known as Sodont.

"It holds on like Grim Death," has been altered to read, "It holds like Spalding's Gun."

LOCAL MATTERS.

Ladies and Gentlemen will always find the latest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No. 29 Main street.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, Bible House New York City. — sept18dearly

LIVER IS KING.

The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want. doctdeed-1878

If Baldness or a Deficiency of Hair.

Exists, or if the hair is gray, dry or harsh, the natural youthful color can be restored by using "London Hair Color Restorer," the most delightful article ever introduced to the American people for increasing its growth, restoring its natural color, and giving it a lovely softness, shining and beautiful. It is totally different from all others; not sticky or gummy, and free from all impure ingredients that render many other articles obnoxious; in fact it is exquisitely perfumed and so cleanly and elegantly prepared as to make it a lasting hair dressing and toilet luxury.

J. A. TYNES, A PROMINENT CITYZEN, Wilson, N. C., writes: "Some ten years ago my wife's hair commenced falling, and got very thin and turned gray; but after using 'London Hair Color Restorer' the scalp became healthy, the hair stopped falling, the color was restored, and is now growing beautifully."

Ask your druggist for London Hair Color Restorer. Price, 75 cents a bottle. Six bottles, \$4. Main Depot for the U. S., 320 North Sixth St., Philadelphia.

Beyond the Reach of Human Skill.

Is the power to restore the hair to bald heads when the bulbs at the roots are destroyed by age or disease; but there are doubtless many persons becoming bald, whose hair by careful attention might be restored to its original luxuriance and beauty. Parker's Hair Balsam is an elegant preparation, designed to meet the public want for a harmless hair dressing and restorative. It acts like magic, commencing at the very roots, removes dandruff and all humors from the scalp, and never fails to restore gray or faded hair to the original color, and the soft, rich and glossy appearance of youth. By its occasional use, falling of the hair is immediately checked, and a luxuriant and beautiful growth of young hair grows out. The exquisite perfume and the purity of its composition are highly appreciated, and as it is not a dye and does not stain the skin or clothing, it is a growing favorite of the toilet table everywhere. Buy a bottle from your druggist at J. R. Robert's, Janesville, Wis., and test its merits. jrsdewooltsept23

"The First Does Give Relief."

Trials Bottles Dr. Swayne's Compound Syrup of Wild Cherry, 25 Cents.

The distressing cough, which threatened serious results, is quickly cured before developing a first pulmonary affection. For all throat, breast and lung disorders, Asthmatic or Bronchial affections, Hooping Cough, Liver Complaint, Hood Spitting, etc., no remedy is so prompt and effective as "Dr. Swayne's Compound Syrup of Wild Cherry."

"I have made use of this preparation for many years, and it has proved to be very reliable and efficacious in the treatment of severe and long standing coughs. I know of two patients, now in comfortable health, and who but for its use I consider would not now be living."

ISAAC S. HERBERT, M.D., Stratford, Berks county, Pa.

Price:—Trials bottles, 25 cents; large size, \$1.00, or six for \$5. A single 25-cent bottle will oftentimes cure a recent cough or cold, and thus prevent much suffering and risk of life. Prepared only by Dr. Swayne & Son, Philadelphia. Sold by leading Druggists. jrsdewooltsept23
